

Dear Prospective Client:

Because I want to help you protect your legal rights, I have prepared this bonus report as a special gift for you. Regardless if you decide to choose my law firm to represent you or not, I want you to be prepared and to know the following:

**11 QUESTIONS TO ASK THE INSURANCE ADJUSTOR BEFORE
GIVING A STATEMENT**

Here are the questions you should ask the adjustor before you agree to give a statement.

When the insurance company starts calling you to “sign a few forms” or ask “a few” questions, ask them first if they will do any of the following for you:

1. Put in writing that the accident was not your fault, that it was the fault of their insured and have their insured sign the statement.
2. Give you a copy of their insured’s recorded statement.
3. If you do sign their medical release (not recommended) will they promise you in writing, to give you a copy of every record they obtain using your medical release.
4. Tell you, in writing, the amount of “reserve” that they have set on your case.
5. Give you copies of recorded or written statements they have taken from any other witness who saw the accident.
6. Tell you in writing the amount of insurance they have available to pay your claim.
7. Tell you in writing whether there is any secondary or umbrella insurance policy available and, if so, in what amount.
8. Tell you, in writing, whether they have conducted any surveillance or investigation on you and, if so, whether they will provide you a copy of the films, photographs or reports.
9. Give you a copy of any medical “index” information they have obtained about you from their computer system.
10. Give you a copy of any financial or credit information they have obtained through other resources about you.
11. Give you the names of all the neighbors or others they have interviewed about you and your accident.

Again, thank you for contacting my office. If you need further assistance please feel free to contact me.

Sincerely yours,

Corey J. L. Walker of Walker, Billingsley & Bair
